SUBJECT No. 348.

Supply of Cauvery water to Anandur nala.

Mr. Linge Gowda, Patel of Nagavala, Mysore Taluk.

Summary of discussion.—In 1894 the question of improving the supply of water in the Anandur nala was discussed. Subsequently an order from the Deputy Commissioner, Mysore District, was received with No. 771—636, dated 8th January 1905, intimating that the matter of supplying the nala in question with Cauvery water is being investigated by the Public Works Department. Up to date nothing has been done in the matter. But still the lands irrigated by the nala are being charged at the rates prescribed for those below channels supplied with Cauvery water. It is therefore prayed that either the nala be supplied with Cauvery water or the rates reduced, as this channel receives its supply from the Lakshmantirtha.

Reply of Government.—Is under consideration of Government.
